

WELCOME MESSAGE

Dr. Kenneth Fong
Editor, MSO Express
Honorary Secretary, MSO

Dear MSO members,

Welcome to the 3rd issue of MSO Express, the online newsletter of MSO. I hope that you have found the last two issues interesting. This issue focuses on glaucoma and we have an article on management of neovascular glaucoma. Our personality focus this time is Professor Dr. Liza Sharmini Ahmad Tajuddin from University Sains Malaysia (USM), Kota Bharu.

MSO is a small society with approximately 700 registered associate and full members. Our annual subscription fee is very reasonable at just RM60 a year and this barely covers the cost of

running the society. Our administration costs are around RM90,000 a year, which include the salary of our two admin staff, Mr. Watt Siew Wah and Ms. Wee Li Li, as well as, the rental of our office in Kelana Jaya. Not just that, we also pay Goods & Services Tax (GST) on each subscription fee received. We would be very grateful if all subscriptions fees are paid up to date. You may have received an email reminder about this and you can now pay online via iPay 88. Soon, we will have a members portal where you can log in and update your personal details on the MSO database.

I am grateful for the support received from our partners in the ophthalmic industry for this newsletter and our other events.

I look forward to seeing you at our annual meeting on 25th March 2017 in KL and at our exciting Charity Eye Ball with Harith Iskander.
